Acknowledgements

A lot of people are awesome. Probably your family, friends, advisor, and that one super special high school teacher who believed in you.

Chapter 1

Introduction

Your first chapter is probably an introduction. But who knows. Check out Eq. (1.1)! Note that after Eq. and Fig. you want to use ‘.\’ to use a single sized space. Otherwise, latex will interpret it as the end of a sentence and put additional white space in between ‘Eq.’ and ‘(1.1)’.

$$a^2 + b^2 = c^2 \tag{1.1}$$

Chapter 2

A new chapter

Your second chapter probably has novel material in it. hopefully.

Appendix A

Stuff

If you need an appendix, it will go here.

$$a^n + b^n \neq c^n \tag{A.1}$$

$$n > 2 \tag{A.2}$$

Appendix B

More stuff

A second appendix. Look at you, you over achiever.
